## EDUCATION

### Lakshmi Narain College of Technology

Bachelor of Technology, Computer Science and Engineering, **CGPA: 8.98**

Bhopal

Aug 2019 - Apr 2023

### Sri Sathya Sai Vidhya Vihar (CBSE)

Indore

Senior Secondary, XII, **Percentage: 91**

Apr 2018 – Mar 2019

## EXPERIENCE

### Umpteen Innovations

Bhopal

MERN-stack Developer

Feb 2022 – May 2022

- Built e-commerce web application in **MERN** as per the requirement of the client.
- Identified common **client use-cases** to create efficient functionalities and reusable components.
- Developing advanced functionalities like pagination, sorting and data segregation for user specific requirements.
- Used **React** framework to build **reusable components** and **Redux** for managing state of the web app.

### Analysed

Remote

Front-End Developer

Mar 2021 – May 2021

- Built responsive web pages using basic **HTML**, **CSS** and **JavaScript**. Developed web pages for organization's dashboard management system.
- Implemented animations and **responsive design** for mobile compatibility and different screen sizes.

## PROJECTS

### Sudoku Solver

- Developed the logic to solve sudoku puzzle and implemented frontend using HTML, CSS and JavaScript.
- Implemented using the concept of **Backtracking Algorithm** and **Recursion**.

### Goal Setter (MERN)

- Application for users to set personal goals.
- User authentication** system that enables the user to sign up their new account, login, logout and delete account.
- Implemented **CRUD** operations in **Node.js**, **Express.js** for creating updating deleting and reading goals.
- Front-end developed in **React & Redux** in **component-based** structure for achieving code reusability.

### Bookverse

- UI/UX** using **Figma**. Including prototype, wireframes, user stories for user centric designs and flowcharts.
- Architecture based **reusable components** for easy modifications, including masking and image manipulation.

## CERTIFICATIONS

### Full Stack Web Development - Coursera

Online

MERN Stack Development

Apr 2022

- Learnt building modern interactive web pages using **Bootstrap**, **React**, **Redux**, **SCSS**.
- Learnt building **RESTful APIs** using **Node.js** and **Express.js** and handling data in **MongoDB**.

### Core Java Specialization - Coursera

Java Standard Edition

Feb 2022

- Learnt basic data types and syntax of Java language and understood language specific use cases.
- Learnt Object Oriented Programming concepts of java and advanced concepts like Exception handling, etc.

## ACHIEVEMENTS

- Reached level 3 in Intra College Smart India Hackathon 2019. Project ideation and implementation of mobile application.
- Solved over **250+ problem solving** questions on different coding platforms, including leetcode, GFG.

## TECHNICAL SKILLS

**Languages:** Java, C++, HTML/CSS, JavaScript, SQL

**Tools/ Frameworks:** Express.js, React.js, Sass, Mongoose, Figma.
